

ShopRite's Partners in Caring

“ShopRite Partners in Caring is community-based, hunger- fighting initiative that works with more than 50 food industry manufacturers to provide \$3 Million annually to qualified charitable agencies in new york, New jersey, Connecticut, Delaware, Pennsylvania, and Maryland. Since its founding in 1999 ShopRite Partners in Caring has donated nearly \$40 million to more than 1,700 charities, including emergency food pantries, soup kitchens, homeless shelters, child care centers, battered women’s shelters, senior citizen programs, drug rehab centers, programs for the mentally and physically disabled, after-school programs and other organizations that aid those in need.”

Each year MORT participates with our local ShopRite for this worthwhile event. Our robot demonstrations and face painting activity draws the crowds! MORT had the honor of receiving recognition from New Jersey Governor, Chris Christie, for our participation in ShopRite’s partners in Caring program where we demonstrated our robot and drew crowds while collecting donations to feed less fortunate in our community.
